PARTNERING WITH BOEHRINGER INGELHEIM ANIMAL HEALTH

Boehringer Ingelheim

DIGITAL SCIENCE

Boehringer Ingelheim welcomes collaborations with partners in digitial science, who share our passion for improving the health and wellbeing of animals, to help us find solutions to some of the biggest challenges in animal health today.

Pursuing Innovation

• Identifying and translating the most promising digital innovations into impactful applications across a broad range of research fields

• Focus on:

  - Health monitoring solutions driving actionable improvements of outcomes
  - Health data management and assessment (e.g., AI-based algorithms)
  - Innovative engagement solutions for vets, producers & pet owners.

Actively pursuing new partnerships in our areas of interest and open to a variety of partnership models to explore:

• Digital platforms and applications to support veterinary – pet owner communication

• Technology platforms to support data management

• Digital diagnostic and monitoring tools.
